kevin giles has been writing on women in the bible for over forty years in this book what the bible actually teaches on women he gives the most comprehensive account to date of the competing conclusions to this question and the issues surrounding it to understand the bitter and divisive debate among evangelicals over the status and ministry of women it needs to be understood that those who since 1990 have called themselves complementarians argue that in creation before the fall god set the man

over the woman thus the leadership of the man and the subordination of the woman in the home the church and wherever possible in the world the whole creation is the god given ideal that is pleasing to god it is this theology that kevin giles deconstructs and shows to be without a biblical foundation giles shows that he is fully conversant with the complementarian position and yet is unpersuaded by it he sees it as an appeal to the bible to preserve male privilege similar to the appeals to the bible to validate slavery and apartheid appeals to the bible made by some of the best reformed and evangelical biblical scholars and now seen to be special pleading carefully studying the limited number of texts on which complementarians predicate their theology of the sexes giles finds not one of them actually teaches what complementarians claim furthermore complementarians too often ignore the texts that are very difficult for them in this book the ordination of women gets only passing mention the constant focus is on whether or not the bible subordinates women to men as an abiding theological principle
