in today's modern world there's no need for anyone to run twenty-five miles to deliver a message as Pheidippides did from Marathon to Athens around 500 B.C. However, hundreds of runners each year run 26.2 miles at hundreds of marathons worldwide to conquer this mountainous challenge. You must know how to properly eat, stretch, identify and treat injuries and develop a running program that hones your mind and body into a running machine. *Marathon Training for Dummies* is for everyone who has always thought about running a marathon or half marathon (13.1 miles) and for seasoned runners who want to tackle the challenge safely and successfully. This quick-read reference helps all runners add strength and speed, weight train, improve your technique, eat to maximize endurance, treat injuries, choose your races in just four to six months of dedicated training, any runner can be fully prepared to tackle a marathon, map out an exercise program, choose shoes and plan the race strategy that will get you across the finish line. *Marathon Training for Dummies* also covers the following topics and more: how far, how fast, blazing the best trail, stretching methods, doing LSD (long slow distance), tempo run training, the last 24 hours, the best tune-up races in North America the week after the marathon, with several hundred thousand people finishing marathons each year, you'll meet plenty of interesting people running along with you, there are numerous rewards for conquering the mental and physical challenges of a marathon, and this fun and friendly guide is your road map to achieving them.

Japanese is a wonderful language, very different from European languages. It is also the gateway to the rich culture of the exciting and complex island nation of Japan. Some people get intimidated by the prospect of speaking Japanese, worried that it's just too complex and different. But these fears are unfounded. While you can devote a lifetime to the study of this or any language, picking up the basics of Japanese doesn't require any more than an interest and a willingness to try something new. *Japanese for Dummies* has everything you need to get off the ground with speaking the language. Author and professor of Japanese Eriko Sato starts you off with the essentials of grammar and pronunciation, giving you a working sense of the language before showing you Japanese in action. You'll then explore vocabulary and expressions through dialogues taking place in situations such as introductions and greetings, eating and drinking, shopping, exploring the town, talking on the telephone, asking directions, getting around, staying at a hotel. You'll also discover social customs, formalities and manners, from how and when to bow to how to unwrap a present. Whether you simply want to introduce yourself to the Japanese language, say a few words to a neighbor or coworker, or you're planning a major trip or study abroad in Japan, *Japanese for Dummies* will enable you to get the basics fast and work towards your own goal at your own pace. You'll also find out about how to use karaoke to help you learn Japanese, movies that will introduce you to

japanese culture and language learning japanese the gourmet way when ignoring no thank you shows good manners proper table manners proper body language how to sound fluent and much more with helpful vocabulary summaries a mini dictionary at the end and an audio cd full of conversations and pronunciations japanese for dummies assumes no prior knowledge of japanese on your part providing the perfect guide for a quick but thorough lighthearted but not lightweight introduction to the language
